**RE: Laundry Rooms Building 5  
Dryer Venting Upgrades**

Brotherwood Construction Company will begin the upgrades to the dryer venting in the Building 5 laundry rooms on Monday, May 10, 2010.

During the week of Monday, May 10, 2010 it will be necessary to disconnect the dryers for a 2 – 3 hour period during certain aspects of the work in the laundry room. To minimize disruption, only dryers in one laundry room at a time will be disconnected.

The construction work will be performed weekdays between the hours of 8am – 5pm. The contractors will take all necessary steps to minimize both disruption and construction noise disturbance.
