DATE: June 3, 2010
RE: Commencement of Fire & Life Safety project
Common areas

We are pleased to inform you that the Building permit has been issued and the fire and life safety project has recommenced. The project will be ongoing weekdays between the hours of 8:00am – 5:00pm.

This next phase of the project will include cutting at the ceiling level and roofs for preparation of the installation of the exhaust fans. All roof penetrations will be sealed at the end of the work day. Every effort will be made to minimize both dust and noise; however, the use of electrical equipment is necessary.

We apologize for any inconvenience this may cause. If you have any questions, do not hesitate to contact the Management Office.
